

Safety Instructions

Please read the following instructions carefully before starting to use the SP2014.

- Always read the safety instructions carefully.
- Keep this User Manual for future reference.
- Keep the unit away from humidity.
- Place the unit on a reliable flat surface before setting it up
- If any of the following situation arises, have the unit checked by a service technician:
 - The unit has been exposed to moisture.
 - The unit has been dropped and damaged.
 - The unit has obvious sign of breakage.
- Do not place the basic unit in a damp room at a distance of less than 1.5 m from a water source. Keep water away from the telephone.
- Do not use the telephone in environments where there is a risk of explosions.
- Maintain the telephone in an environment-friendly manner.

Note: Skype[™] does not allow emergency calls. Such calls should be made with a traditional telephone or a mobile phone.

3. HARDWARE INSTALLATION

Follow the steps below to install the SP2014 Skype phone.

1. Mount the stand to the rear of the phone as shown.

2. Connect the handset to the handset (RJ9) jack as shown.

3. Connect one end of the supplied ethernet cable to the Ethernet (RJ45) jack on the phone. Connect the other end to the network router.

4. Connect one end of the power adapter to the phone's power jack. Plug the power adapter into a mains outlet.

4. SETTING UP THE PHONE

When the phone is powered up for the first time, you need to select the language, accept the agreement, sign in to Skype, or create a new Skype account.

Select Language

Select language

Ok	Back

- Use the navigation button to select **Sign in** to Skype.
- Press the left soft button to select.

- Enter your Skype account name using the alphanumeric keypad.
- Press the left soft button to continue.

- Enter your Skype password using the alphanumeric keypad.
- Press the left soft button to continue.

- Press the left soft button to save the user name and the password in the phone.
- Press the right soft button if you don't want to save the password.

Note: When you select to save the user name and the password for automatic sign in, the phone automatically signs in to the account you entered every time it powers up.

1. After you select to save the account information for automatic sign in, you return to the main screen.

2. If you select not to save the account information, you will go to the Menu (refer to Section 6).

Create New Account

- Use the navigation button to select **Create new account**.
- Press the left soft button to select.

- Enter a unique Skype user name of 6 to 32 characters using the alphanumeric keypad.
- Press the left soft button to continue.

- Enter a password of 4 to 20 characters.
- Press the left soft button to continue.

- Enter the password again.
- Press the left soft button to continue.

Note: Please keep your Skype user name and password safe.

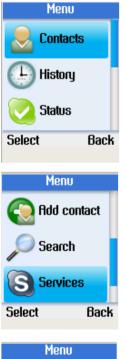

5. MAIN SCREEN

The following screen is displayed after you log in to Skype successfully. Press the left soft button to enter the **Menu**, or press the right soft button to enter **Contacts**.

6. MENU SCREEN

On the main display, press the left soft button to enter the Menu. Use the navigation button to select options, and press the left soft button to select.

- **Contacts:** Browse your Skype contacts. Refer to Section 7.
- History: View your missed calls, incoming and outgoing calls, voicemail, and contact requests. Refer to Section 8.
- Status: Change your Skype status (Offline, Online, Skype Me, Away, Not Available, Do Not Disturb, or Invisible). Refer to Section 9.
- Add contact: Add Skype users or SkypeOut numbers to your contact list. Refer to Add contact.
- Search: Search for Skype users. Refer to Section 10.
- Services: Displays information about your Skype credit balance, your SkypeIn account, and your Skype Voicemail. Refer to Section 11.
- **Settings:** Change Time and Date, Tones, Network settings, Call divert, Display properties, etc. Refer to Section 12.

7. CONTACTS

Your Skype contacts are stored in your Skype account. When you log in with an existing Skype account, all your contacts will be automatically downloaded to the contact list on the phone.

Call a Skype Contact

Use this option to call the selected contact.

- From the main display, press the right soft button to open the contacts list or press the left soft button to enter the Menu and select Contacts.
- A list of your Skype contacts appears.
- Press the left soft button to select **Options**.
- Use the navigation button to select **Call**.
- Press the left soft button to select.

- Lift the handset and press
- The call will be made.
- To end the call, hang up the handset and press

Notes:

- If you do not lift the handset, the phone will automatically go to handsfree mode.
- You can also make calls without entering the Options menu.
 Select a contact from your contact list and press to call.

Send Voicemail

Use this option to send a voicemail message to the selected contact.

Voicemail.Press the left soft button to select.

From the main display, press the right soft button to open the contacts list or enter

Press the left soft button to select **Options**.

Use the navigation button to select Send

I. VOICE PERFORMANCE

Handset Receiver

1. Impedance:150 Ohm +- 20% 2. Input Power: 0.01W / 0.02W (Min./ Max.)

Handsfree Speaker

1. Voice Coil Impedance: 25 Ohm +- 15% 2. Input Power 0.25W

Microphone

1. Sensitivity: -42 +- 2 dB 2. Output Impedance: 2.2 K Ohm

II. Recommended Distance of Handfree mode: 0.5~1.5M

III. Hardware Specification

10/100 Base-T Ethernet with auto MDIX (Full-Duplex) 1.8" LCD 160x128

Sample Rate: 8K Acoustic Echo Canceller Enabled Audio Frequency Range: 100Hz - 3400Hz

Network protocol: DHCP, Static IP, PPPoE, PPPoE Static IP, DNS , TCP/UDP/IPV4

System Requirement:

Broadband Internet (xDSL/Cable), IP sharing Router/Gateway (internet access device).

NOTE:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
